

TYKE STUFFING MIX/STANDARD STUFFING MIX

Ingredients	kg	%
Stuffing Mixes	0.250	33.3
Boiling Water	0.500	66.7
Total:	0.750	100.0

Method of Application

1. Add the dried stuffing mix in a large mixing vessel.
2. Add boiling water and stir thoroughly.
3. Leave to stand for approximately 10 minutes or until the mix absorbs all the water and remix.
4. Place in a greased oven proof dish or baking tray and oven bake for 20 minutes at 200°C

Note - Stuffing mix is used in the ratio of 1 part stuffing to 2 parts waters.
